

## **Erik Solheim: drylands development needs joint force of local communities and international department**

Author: Erik Solheim

### **Abstract:**

Realizing the opportunity of drylands green development is the first threshold of protection, including the future of clean energy development in this area. Second, strengthening cooperation with local communities to restore local plants. Finally, international cooperation is needed in coping cross-border illegal wildlife trade.

**Key words:** drylands; clean energy, community cooperation; cross-border illegal wildlife trade
